## Get the most out of your investment, starting the *moment* you come on board.

Providing you with best-in-class solutions that help you reach your academic goals is just one step of the journey. The next step: making it as easy as possible to roster classes and ensure your teachers are supported in using Learning A-Z with confidence.

## **Your Success Partnership Offers You:**

A designated Implementation expert who will partner with your organization to ensure successful launch and implementation of your Learning A-Z solution.

A Professional Learning expert will host a consultative meeting to discuss your academic goals and schedule three webinars to help you achieve those goals with your Learning A-Z solution. Webinars are best for groups up to 25.

**Three live, focused webinars** to equip your teachers with foundational knowledge of their product, digging deeper into strategies with each consecutive webinar.

**Unlimited access to live and on-demand national webinars** that show educators how to get *even more* out of their resources.

## What To Expect

We can't wait to partner with you!
