

Maximize the Instructional Impact of Your Science of Reading-Aligned Resources

Ensure that your Science of Reading-aligned Learning A-Z® products are implemented effectively and efficiently with our **Resource Mapping** service. Let our team of academic and curriculum experts save you time by strategically integrating Learning A-Z resources into your curriculum. Together, we'll create a personalized solution that best fits your curricular goals, so your teachers can focus on driving positive student outcomes.

“The [Resource Mapping] service is transformative! Teachers [can] now navigate between what is taught and the resources to teach it in seconds.”

— **Melonie B. Iglehart-Hammons**,
Director of Curriculum and Instruction,
Southside Independent School District

- **Partner** with the experts at Learning A-Z, who know the resources best.
- **Save time** by gaining access to the resources that best align with your instructional needs and goals.
- **Promote strategic and meaningful usage** of your Learning A-Z resources.
- **Ensure consistency** across goals, curriculum, pedagogy, and student outcomes.

Add a Customized Resource Area in Your Learning A-Z Products

Make it even easier for your teachers to access their resources and ask about our **Custom File Cabinet**. We can organize your resources in folders aligned to your resource map.

Available for Raz-Plus and Reading A-Z.
