

Built-in correlations to enrich EL Education 2017

Raz-Plus® offers K-5 foundational skills and knowledge-building resources to supplement EL Education's core instruction, including:

- Lessons and activities that develop and **strengthen reading comprehension**
- **Phonological awareness and phonics lessons** to build foundational reading skills and word recognition, including access to additional, correlated resources in **Foundations A-Z**®
- **Grammar and word work** instruction, practice, and application that target key skills to develop language comprehension
- **Informational Text and Literary Close Read Passages** to build text analysis and critical thinking skills, while building background knowledge
- **High-interest books** for whole-group instruction, small groups, and independent practice
- **Shared Reading** books to build content knowledge in science, social studies, technology, and the arts, while also fostering literacy development
- **Graphic Books** to increase visual literacy with short texts that include detailed graphic support

WHOLE-GROUP INSTRUCTION

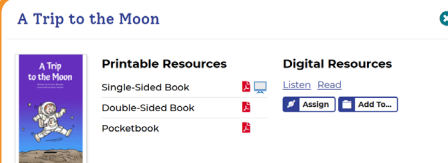

In EL Education's Grade 1, Module 2 lesson, students delve more deeply into their study of the sun, moon, and stars. Raz-Plus provides topic-relevant, projectable and printable resources for these lessons to extend support and practice in building knowledge and vocabulary, with options for texts at, above, or below grade level.

Knowledge-building resources

- High-interest book by Lexile® or grade level
- Shared Reading books
- Informational Text and Literary Close Read Passages
- Graphic Books (Grades 3-5)
- Informational and Literary Passage Packs
- Topic Sets

Foundational skill resources:

- Decodable Books
- Phonological Awareness and Phonics Lesson Packs
- Daily Language Practice
- Graphic Organizers
- Word Sorts Practice Sheets
- Phonics Readers

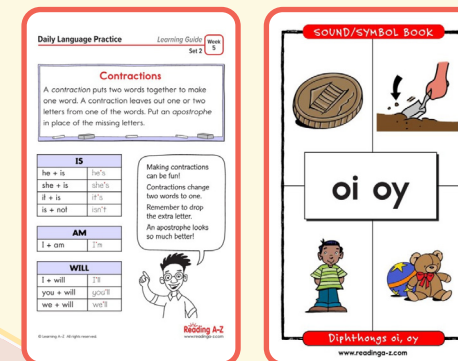

Core Program, Curricula, & Assessment Correlations

Core Program, Curricula, or Assessment
EL Education 2017

Raz-Plus Skill Resources support skill-based instruction and practice within EL Education 2017. As students engage with the topics and themes in the curriculum, use Raz-Plus texts to support knowledge building and vocabulary with options for at, above, or below grade-level texts. [\[disclosure\]](#)

Grade	Language	Resources
K	English	
1		1: Toys and Play
2		1: Skill Resources
3		2: Weather Wonders
4		2: Skill Resources
5		2: Skill Resources

Just filter, select, and then choose the resources that best support students. A diverse library of literacy essentials is just a few clicks away.

INDEPENDENT PRACTICE

Easily find and select books according to each student's grade and/or Lexile level to assign students targeted practice activities that build skills and knowledge. Texts can be assigned so students can read them digitally or listen to an audio version.

Knowledge-building resources:

- High-interest books and self-paced assignments
- Shared Reading books
- Informational Text and Literary Close Read Passages
- Graphic Books (Grades 3-5)
- Informational and Literary Passage Packs

Foundational skill resources:

- Phonics Word Sorts
- Phonogram Flashcards
- Alphabet Books
- Instructional Student Videos
- Interactive games
- Phonics Skill Packs

SMALL-GROUP INSTRUCTION

Teachers can filter by each of EL Education's Modules across grades to find resources that help students build prerequisite foundational skills, think critically, and deepen knowledge and comprehension in a small-group setting. Texts are available at different levels of complexity to meet students' needs.

Knowledge-building resources:

- High-interest book by Lexile or grade level
- Shared Reading books
- Informational Text and Literary Close Read Passages
- Graphic Books
- Informational and Literary Passage Packs
- Topic Sets

Foundational Skill resources:

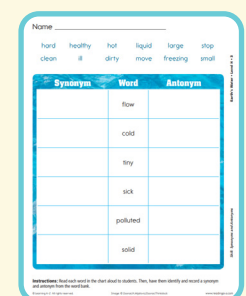

- Phonological Awareness and Phonics Lesson Packs
- Grammar and Mechanics Practice Sheets
- Daily Language Practice
- Graphic Organizers
- Fluency Practice Sheets and Passages
- Sound/Symbol Books

CLASSROOM CENTERS

Give your students the opportunity to practice literacy skills in a hands-on, engaging way in the Raz-Plus Learning Centers.

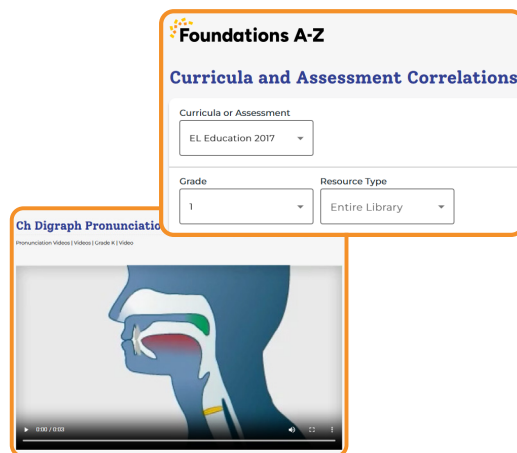

Foundational skill resources:

- Language Activities
- Vocabulary Activities
- Phonological Awareness and Phonics Activities

More curated foundational skills support with Foundations A-Z

Raz-Plus provides additional foundational skill supports for teachers looking to go deeper on particular skill areas. This includes direct, in-product access to **Foundations A-Z**, which serves up extensive Science of Reading-aligned K-5 foundational skill resources that directly correlate to the EL Education curriculum.

[Learn more about Foundations A-Z.](#)

More knowledge-building support

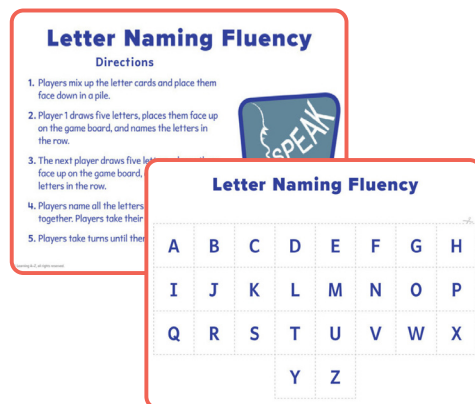

Raz-Plus offers a rich and varied collection of resources designed to deepen students' **knowledge building** across subjects and grade levels.

These resources provide students with more opportunities to connect new knowledge with prior understanding and encourage critical thinking.

More resources for small groups and classroom centers

Teachers can access more digitally assignable resources in Raz-Plus to support knowledge building and individual skills. This includes a large collection of fiction and nonfiction books and passages students can listen to and/or read in the **Student Portal**.

In addition, classroom center activities used in small-group settings and learning centers allow students to practice literacy and language in a hands-on, engaging way as they apply their knowledge of skills.

More opportunities for independent practice

Teachers can save valuable time by inviting students to the Student Portal, where students can access the **Reading Room**, which offers a customizable library of engaging texts that support both joyful reading and skill development.

Also available is the **Explore Zone**, a self-paced practice area that systematically sets students on a path to reinforce their skills and unlock more challenging activities as they progress.
