

Take Learning on the Go with the Kids A-Z Mobile App

The way students learn is changing. With the help of technology, learning can expand beyond the classroom. The **Kids A-Z** mobile app allows students to access differentiated content and quizzes wherever they go! Free with your subscription to **Raz-Plus**, **Raz-Kids**, **Headsprout**, and/or **Science A-Z**, the mobile app delivers a library of leveled eBooks, eQuizzes, and other online learning materials right to each student's fingertips.

Students using the Kids A-Z mobile app
have access to:

Interactive eBooks and other eReading resources differentiated to each student's appropriate reading level.

Corresponding eQuizzes and running records to ensure comprehension and reading growth.

Interactive annotation tools that support close reading and focus on the key or essential understanding of the text.

Download the Kids A-Z App today!

Students love the mobile app because:

- Students access developmentally appropriate content through an engaging, kid-friendly environment.
- Interactive annotation tools allow students to engage with texts more meaningfully and keep running journals they can share with their teacher.
- Students earn stars for successfully completing different activities that can be redeemed to customize their Raz Rocket or robot avatar.

Teachers love the mobile app because:

- Students have increased access to developmentally appropriate content that supports reading growth and key 21st century skills.
- Resources can be easily assigned online for students to complete at home or anywhere else they have access to a mobile device.
- All student activity is instantly tracked and reported back to the teacher through online, data-driven reports that help inform future instruction.
