Dear Caregiver,

I'm thrilled to share that our students will be participating in the Learning A-Z Star Donation Challenge from **March 24 to April 25**. This challenge is a free, month-long event that gives students the opportunity to donate the stars they earn through reading books and completing activities in their [Kids A-Z account](#) to help communities in need.

As students save up their stars, they can make a real world impact by donating them to a good cause: providing healthy meals, clean water, or school supplies to communities in need around the world.

This donation challenge actively shows kids the power of their hard work and the reward of giving back to their communities. Here's the donation breakdown:

Healthy Meals

- 4,000 stars = One Healthy Snack
- 11,000 stars = One Healthy Meal

Clean Water

- 4,000 stars = 10 Days of Clean Water
- 11,000 stars = 30 Days of Clean Water

School Supplies

- 4,000 stars = School Supplies
- 11,000 stars = Help Build a School

You can be part of this opportunity by talking to your child about this challenge. It's a great way to motivate and engage students as they learn at home!

As a reward, the top-donating classroom in each 50 U.S. states and D.C., as well as in five different countries, will win a class pizza party! For more information about the challenge, please visit the [Learning A-Z website](#).*

Share your student's fun and progress on social media using #StarDonationChallenge and tag @LearningAtoZ on X and Instagram.

We look forward to learning about the impact your student makes!

Sincerely,

*<https://learninga-z.com/stardonation>

Learning A-Z Star Donation Challenge

March 24, 2025 - April 25, 2025

What's The Learning A-Z Star Donation Challenge?

This challenge is a free, month-long event that gives students the opportunity to donate the stars they earn by reading books and completing activities in their Kids A-Z account to help those in need.

How to Help Your Student Participate

Encourage your child to read and complete activities within their [Kids A-Z](#) account (also available as a mobile app) outside of school to keep them practicing and earning stars.

The more students read and practice, the more stars they'll have to donate and the better chance they have to win a pizza party with their whole class.

How It Works

Learn, earn stars, and donate. It's that simple.

1. Students **earn stars by reading books and completing activities** within [Kids A-Z](#).
2. Students **donate their stars** towards healthy meals, clean water, or school supplies to help communities in need.
3. After stars are donated, Learning A-Z makes a monetary donation, up to \$20,000, **on behalf of participating students** to support a [children's humanitarian organization](#) that works worldwide.

Learning A-Z Star Donation Challenge

When we work together, we can accomplish more than we imagined. Let's see how many donations we can make as a class and help communities in need! I bet we can achieve something amazing with this challenge.

As a class, we're making a pledge:

We're promising to read _____ books
and to donate _____ stars
as a classroom before April 25.

**Our pledge allows us to help
families in need all over the world.
How amazing is that?**

Learning A-Z Star Donation Challenge

As a fun way to encourage student participation and engagement, have students print their name on these stars, and hang them in your classroom to celebrate their hard work. Each star represents a different type of donation.

Small Gold Star = 1 Student Donation

Large Gold Star = 1 Student Mega Donation

Celebrate your students' donations! Make sure to take a picture and share with us on social media using #StarDonationChallenge and using @LearningA-Z on X and Instagram.
