## Make Instructional Decisions Using Foundations A-Z Reports Learning A-Z

### Session Objectives:

- Understand the Assessment suite in Foundations A-Z
- Review and Analyze student data in reports
- Develop a strategic plan to utilize Foundations A-Z student data to inform instruction

### Notes:

Which assessment(s) will I incorporate to gather robust student data?

**For successful implementation:**

What assessment data will I monitor to inform instruction?

How will I implement reteach or enrichment lessons? (*whole group, small group and/or 1-1*)

**Logistics:**

When will I review reports in Foundations A-Z ?

How often? (daily, weekly or biweekly)

What materials do I need to prepare?
