

Note Catcher

Personalize Student Learning with Raz-Plus

Learning A-Z

Session Objectives:

- Customize your Raz-Plus experience with advanced file cabinet features
- Strategically organize resources for instruction
- Personalize student practice with digital assignments

Notes:

How can I use the file cabinet to organize resources for instruction and student practice?

What data can I use to make instructional decisions for personalized student assignments?

What can I include in my planning to learn more about students' personal interests?
