

# Learning A-Z and Scarborough's Rope

Discover the many ways Raz-Plus resources align with each strand of Scarborough's Reading Rope to help educators develop skilled readers.

Word recognition refers to the way a learner mentally stores, retrieves, and uses sight words (without using phonics to decode each word). Raz-Plus resources support word recognition with systematic, sequential, explicit, multi-sensory instruction, from decodable text to high frequency words and much more.

\*\*From Vocabulary A-Z

Language comprehension refers to a student’s ability to comprehend and use language effectively for communication. Raz-Plus supports this fundamental aspect of child development with a wealth of resources that promote language comprehension, from leveled books and close reading packs to lesson plans and daily language practice.

## LANGUAGE COMPREHENSION

Skilled Reading

### Vocabulary Knowledge
