Note Catcher | Raz-Plus Resources to Support Intervention

Learning A–Z

Session Objectives:

- Explore resources that can support intervention and differentiated student practice

- Plan intentionally with resources and features to support students' literacy goals

Notes:

What is one resource I will try out in my classroom in the coming days?

Learning A-Z

For successful implementation:

What ways can I incorporate digital tools for modeling and student practice?

In order for students to be successful with this practice/resource they must... (*know, do, understand*)

What measure of success will I use to monitor student progress?

Logistics:

When will I implement the resources?

How often?

What materials do I need to prepare?

Learning A-Z
